## LONDON SAYS SEA FIGHT WAS GREAT VICTORY FOR BRITISH

INSTEAD OF GERMAN VICTORY AS AT FIRST REPORTED JUTLAND BATTLE APPEARS TO HAVE BEEN VICTORY FOR THE ALLIES.

Further Details of Sea Battle... It is a Victory So Momentous as May Mean the Turning Point in the War. Survivors of British Warships Arrive in Edinburg Are Convinced that German Dreadnaught, Hindenburg, Pride of the German Navy, Was Sunk—Lutzow, Another German Warship, Also Sunk—British Warships Reported Chasing the German Battle Cruiser Seydlitz off Faroe Islands—Admiral Beatty Says German Fleet Numbered One Hundred Vessels and Was Superior in Numbers to the British.

London, June 5.—The Morning papers today with fuller details of the Jutland battle show no signs of pessimism. The Morning Post says, it is a "victory so momentous as may mean the turning point in the war."

The British officers of the fleet which participated in the Jutland battle and have returned here, identify the German ships sunk as the Hindenburg and Lutzow.

**Confident Hindenburg Sunk**  
Edinburg, June 5.—Survivors here from the British destroyers which were engaged in the Jutland battle are convinced that they sunk the German dreadnaught Hindenburg, which was the pride of the German navy. They say the Hindenburg was struck successively by four torpedoes.

According to a story of the naval battle received here, the German fleet engaged in the Jutland battle numbered 100 vessels, including at least twenty battleships and battle cruisers. Apart from the fact that the Germans were three times as strong as the squadron of Admiral Beatty, the German fleet had the advantage of light and adopted their favorite tactics of hugging the coast, at the same time assuring them a safe retreat. The fight was mainly a battle of big guns. As the big ships came up the range was rapidly reduced from fifteen to ten miles, and finally to five. By this time the battle was virtually an inferno as the opposing squadrons rained broadsides upon one another.

**Chasing German Cruiser.**  
Copenhagen, June 5.—Dispatch received here this morning from Ribe, Jutland, says the German battle cruiser Seydlitz was sighted Thursday, thirty-nine miles off Faroe Islands, going south pursued by British warships. The Seydlitz was badly damaged, and had two large holes apart.

**Official German Statement.**  
Berlin, June 5.—An official statement issued by the German admiralty says: "In the Jutland battle, a German submarine off Humber sunk a British destroyer, which, according to a survivor, was the Tipperary. The British armored cruiser Euryalus was set afire by the dueling battle and was completely burned out."

**Candidates to Wilson Wednesday**  
Next Wednesday night it is expected that all the candidates for county office will assemble at Wilson for the purpose of telling the people what they stand for, and ask their votes. Invitations have been extended by the business men of that place, and ample provisions will be made to entertain the visitors. This is the home balliwick of "Squire" Wiseman who is a candidate for county treasurer and he extends a special invitation to his opponents to be present on this occasion.

**WEATHER FORECAST**  
New Orleans, La., June 5.—The weather forecast for Oklahoma for tonight is unsettled and cooler in the eastern portion. Tuesday generally fair.

## BIG REALTY DEAL IS IN PROSPECT

CHAMBER OF COMMERCE NEGOTIATING FOR JONES PROPERTY ON BROADWAY, WHERE TABERNACLE STANDS.

There is a movement on foot by the Chamber of Commerce to purchase the Arthur Jones lot on the corner of Broadway and C streets northwest, where the tabernacle now stands, and if their negotiations are successful in all probability Ardmore will have a large auditorium erected, which the city is badly in need of.

Ardmore has missed many conventions for the reason that there is no adequate place in which to hold large meetings. The Chamber of Commerce has long realized this, and now that they have a chance to secure some valuable property at a reasonable price, are inclined to take the matter up and put it through.

The lot in question faces 163 feet on Broadway and 145 feet on C street, and is amply large for the purpose desired. The deal will involve approximately \$11,000. A committee has been appointed to confer with Mr. Jones, who is in the city from Phoenix, Ariz., and something definite will be done today.

**Kansas Grain Damaged.**  
A letter to The Ardmoreite from E. C. Britton at Arkansas City, Kans., says that the green bugs have done much damage to the wheat and oats in that section.

## CANDIDATES TO HAVE A BIG PICNIC SOON

YOUNG'S LAKE NEAR BERWYN TO BE THE SCENE, AND THE OCCASION IS LOOKED FORWARD TO WITH KEEN INTEREST.

Some time the latter part of this month all the candidates for office in Carter county, and their name is legion, will have a big basket picnic at G. W. Young's lake, situated a few miles from the town of Berwyn. This is one of the best stocked lakes in the country and it will be no trouble to catch fish enough for all the candidates and their friends to enjoy a fish fry.

Mr. Young, county commissioner from that district stated this morning that he would have everything in shape to make the announcement of the date in a few days, and expected every candidate in the county to be on hand and let the people know what they stood for. Thirty-five candidates have so far announced and every one seen so far has signified his intention of being there and enjoying the hospitality of "Uncle Bud."

## IT'S DIFFERENT SO GO EARLY TO BUY TICKETS

ARDMORE PEOPLE CAN RELIEVE CONGESTION AND GET BETTER SERVICE BY BEING MORE PROMPT.

The people of Ardmore who have occasion to leave over the railway trains are reminded that they are living in a different city from what they lived in one year ago. We have been accustomed to going to the station about ten or fifteen minutes ahead of train time and getting tickets, checking baggage leisurely and then have plenty of time. But things are different now. The stations are so badly crowded just before train time that the trucks cannot be moved. Especially is this so at the Santa Fe station, where a makeshift of a depot building is still being used. Agent Herndon cannot meet the demands of the people as they are coming now. All want tickets and all want baggage checked at the same time, and there is a congested condition that prevents the giving of good service. Those who know they are going away can get good service and confer a big favor upon Agent Herndon by buying tickets and checking baggage in advance. Remember that you are living in a different town.

## HUGHES BOOM STARTED TODAY

MOVEMENT FOR HIS NOMINATION BY REPUBLICANS TOOK ON NATURE OF BOOM TODAY.

## AFTER FIRST BALLOT

Many Delegates Instructed for Others Said to be Ready to Throw Their Votes to Hughes After the First Ballot.

Chicago, Ill., June 5.—The movement for the nomination of Justice Hughes as the republican standard bearer, took on the aspects of a genuine boom today.

Men identified with the "old guard" of the republican party declared that many of the delegates instructed for others are ready to turn their votes to Hughes after the first ballot.

The delegates express themselves as not favoring Hughes for any reason of personality, but because they believe he can bring harmony to the republican party.

On every hand reasons are sought for the failure of the Roosevelt sentiment to crystallize.

**Settle Texas Contest.**

Chicago, Ill., June 5.—Settlement of the contests of the Texas delegations to the republican national convention came amicably today when the contesting delegates at large withdrew in the "interest of party harmony," and the district contests either withdrew or were passed.

**Progressives Await Republicans.**

Chicago, Ill., June 5.—The progressive party announced today that it will make no presidential nomination until Saturday, awaiting the outcome of the republican convention.

**Nice Rainfall Sunday.**

The rainfall at an early hour Sunday morning measured .42 inches and the entire day following was cloudy and cool. A strong wind blew a large portion of Sunday night. The moisture was needed on the crops, and especially by wheat and oats, and the amount that fell was sufficient for all requirements. Growing conditions are very good at this time.

**New Store on Broadway.**

With undiminished violence, the Germans continued their attacks last night along the Verdun front, east of the Meuse. The French war office report says these were unsuccessful.

Repeated attacks by massed French infantry against the German positions on the Verdun front broke down with heavy losses, German officials say today.

According to the Petrograd official statement, the Russian forces have won great successes along the eastern front from Pripiet marshes to the Roumanian frontier. It is stated that the Russians took thirteen thousand prisoners.

## OPENING GUNS BOOMED AT NEWPORT SATURDAY

CANDIDATES OUT IN FORCE TO ASK THE DEAR PEOPLE FOR THEIR SUFFRAGE IN THE COMING ELECTION.

The eagle got up and uttered some lusty screams Saturday night when a majority of the candidates for county offices opened the campaign at Newport under the usual auspices that have characterized all campaigns since statehood. Uncle Jim Avery, dean of the democratic forces of Carter county acted in his usual capacity as master of ceremonies and introduced the speakers as their turns came upon the program.

On account of the large number of candidates present it was necessary to restrict their remarks to a few moments, merely giving them long enough to announce themselves for the office to which they aspired, and even at that it was extremely late when the last one had told the people assembled who remained to the last, what he stood for.

The candidates acquitted themselves creditably and every one present went away convinced that the coming race is already won by themselves, though of course, a lot of them will find they are mistaken after the ballots have been counted.

The good people of Newport prepared sumptuous repasts in many of their homes for the visiting candidates, that was enjoyed by many a hungry one, and when they departed they gave assurance to the people that the campaigns in Carter county would always be opened with them.

It is impossible to give a detailed account of each of the candidates' statement to the people, but all of them made a good impression and confined their remarks to announcing themselves to the office to which they aspired and asked the support of the people.
